LIMITED WARRANTY

This Contract ("Warranty") is between the original buyer ("Customer") and Anatol Equipment Manufacturing Co. ("Anatol Equipment") and applies to Anatol Equipment machinery purchased by the Customer from Anatol Equipment or any of its affiliates. This limited warranty extends only to the original purchaser—and is not transferable to anyone who subsequently purchases, leases, or otherwise obtains the machinery from the Customer. This limited warranty does not cover expendable parts, or damage incurred by misuse or non-Anatol Equipment machinery (see Limitations of Warranty).

Equipment which is manufactured or sold by Anatol Equipment Manufacturing Co., is warranted against defects in workmanship and materials for a period of **three (3)** years from the date of installation. If damage occurs during shipping, it is not covered under this warranty and is the Customer's responsibility to file damage claims with the freight forwarder if the situation arises.

Installation Labor is included in the package price and description. All technician's travel expenses, including air fare, per diem, car, hotel, taxi, airport parking, and toolbox overweight fee, and etc. remain the Customer's responsibility unless specified in the final, signed Sales Order.

Throughout the **three (3)** year warranty period, Anatol Equipment Manufacturing Co. will supply replacement parts covered under the warranty, however, Customer will be responsible for shipping costs (i.e. UPS, FedEx, USPS, etc.).

WARRANTY COVERAGE

1. This Warranty covers the installation of equipment by an Anatol Equipment technician or Anatol Equipment Certified Technicians.
2. Repair or replacement of parts found by Anatol Equipment to have a defect in materials, workmanship, or factory preparation within the terms of the Warranty and subject to the terms laid out in "Limitations of Warranty".
3. This Warranty covers the labor required to repair or replace parts found by Anatol Equipment to be defective in materials, workmanship, or factory preparation.
4. Anatol Equipment reserves the right to choose whether to repair, instead of replace, defective parts covered by this Warranty.

LIMITATIONS OF WARRANTY

1. This warranty applies only to the Customer, the original equipment owner (buyer), and it is non-transferable.
2. In the event that a factory technician must be sent in order to diagnose and/or repair, this Warranty does not cover travel expenses relating to said claim and remain solely the responsibility of the Customer. These travel expenses include such things as air fare, sustenance, rental car, hotel, taxi, airport parking, toolbox overweight fee, etc.
3. This Warranty does not apply to damage caused by improper use or lack of proper maintenance, and equipment installed by unauthorized technicians.
4. Any work performed on or modifications made to this machine by person(s) other than: (a.) an Anatol Equipment service technician, or (b.) persons specifically authorized by Anatol, shall nullify this warranty.
5. Unauthorized changes made to equipment will terminate this Warranty.
6. This Warranty does not apply to defects resulting from the Customer's improper installation.
7. Anatol Equipment does not cover failure of parts or components resulting from misuse, lack of proper maintenance, or lack of "proper" operating conditions.
8. This Warranty does not extend to expendable parts such as but not limited to filters, backup batteries, fuses, belts (conveyor or otherwise), lamps, motor brushes, and glass. Exposure Unit lamps are warranted for manufacturing defects for 30 days. Breakage of Exposure Unit lamps is not covered under this warranty.
9. Parts not under warranty are covered for 30 days from receipt by the Customer.
10. Pneumatically operated machines must have a clean moisture-free air supply. Failure to provide such air may result in premature failure of some components, air seals, cylinders and valves. Any equipment failure which is determined to have been caused by the lack of a clean moisture-free air supply is not covered under this warranty, and will void the warranty.

RETURNS

1. Written authorization must be obtained from the Parts Department at Anatol Equipment before any part will be accepted.
2. Special order items, specialized equipment, and electrical or electronic components are not returnable.
3. Replacement parts are covered for the term of the machinery warranty period; the Customer is responsible for return shipping cost. C.O.D. shipments will not be accepted
4. Shipping costs for replacement parts are non-refundable to the Customer or distributor.
5. All defective parts must be returned back to Anatol Equipment within 30 days to receive credit. Credit will be determined after parts are inspected and found defective by Anatol technicians.

LIMITATIONS OF LIABILITY

The remedies provided within this Warranty are the Customer's sole and exclusive remedies. Anatol Equipment Manufacturing Co. will not be liable for consequential damages, inconvenience or contingent liabilities for direct, indirect, special, incidental, or(including, but not limited to, lost man-hours or profits), whether based on contract, tort or any other legal theory.

THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, WRITTEN OR ORAL, EXPRESSED OR IMPLIED, INCLUDING WARRANTIES AS TO MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THERE ARE NO WARRANTIES WHICH EXTEND BEYOND THE DESCRIPTION HEREIN. IN THE EVENT OF DISPUTE, THE ENGLISH VERSION OF THE LIMITED WARRANTY WILL PREVAIL.
