MOBILE FORGE

In-Line Heat Press

In-line Mobile Heat Press for Automatic Screen Printing Machines

- Mat fibers and smooth ink layers to improve underbase quality and reduce fibrillation
- Mounts easily in the print carriage of your Anatol automatic press
- Digital temperature adjustment controls
- Independent mechanical depth adjustment

STANDARD FEATURES

Improve your print quality and expand your screen printing possibilities with Anatol's easy to use MOBILE FORGE! The MOBILE FORGE mounts in the print carriage of your Anatol automatic press and provides heat and pressure to your substrate. Use it to mat down fibers and smooth your ink layers, reducing fibrillation and giving you a solid underbase for bright, vibrant prints on dark garments. Apply foil transfers and cure discharge ink right on your screen printing press, and more!

Operation

- Easy installation in the print carriage of Anatol automatic press
- Iron unit is activated and operated independent from the press
- Compatible with Anatol Volt, Vector and Titan presses with S (15" x 16") and M (16" x 18") print areas
- Mobile iron can travel to apply heat and pressure across the entire image area of your press
- Set heating surface temperature up to 392°F/200°C with user-friendly digital controls
- Iron automatically maintains set temperature
- Unique design ensures perfect repetition of the pallet plane and an even distribution of heat and pressure along the curing area

Digital temperature controls

Mechanical depth adjustment

HEATING SURFACE AREA	MAXIMUM TEMPERATURE	WEIGHT	OVERALL DIMENSIONS	ELECTRICAL REQUIREMENTS
5.5" x 16" 14cm x 41cm	392°F 200°C	22lbs 10kg	11" x 17.7" x 6.7" 27.9cm x 45cm x 16.9cm	1 Ph, 230V, 50/60Hz, 2.4kW, 6.1A/Ph
