WASHOUT BOOTH

**HIGH-PRESSURE WASHOUT BOOTH
FOR EASY INK & EMULSION CLEANING**

- *Designed for maximum convenience and ease of use to help you ensure fast and quality screen cleaning.*
- *Heavy-duty Stainless Steel construction*
- *Long-lasting, energy-efficient LED panel*

STANDARD FEATURES

Screen cleaning is a vital step in the screen printing process. Constructed of stainless steel, the Anatol Washout Booth is a self-contained, easy-to-clean system designed to withstand years of daily washing, emulsion and ink recovery. The ultra-reliable and efficient LED panel provides uniform, effective illumination of the entire work surface and provides the operator with the best view for detecting ink residue. Screens can be easily moved between sections.

Design and Construction

- The design allows connecting a filter
- Easy and quick screen transfer between sections
- The simple design makes installation and assembly of the Washout Booth quick and convenient.

Moving the screen between sections

LED Features

- The bright LED panel is powered by a regular outlet
- The LED panel is protected by a transparent protective screen
- The LED panel does not require maintenance and is designed for a service life of up to 50,000 hours

Bright LED panel ensures you don't miss any ink or emulsion spots during reclamation
